

PUBLIC SERVICE ANNOUNCEMENT RAISED PLANTING BEDS AVAILABLE IN PCSP

The Arts, Wellness and Heritage Group, in collaboration with the Portugal Cove-St. Philip's Chamber of Commerce, are excited to announce an initiative that is ready for use by the citizens of PCSP.

1. Four raised planting beds are available on the Arts, Wellness and Heritage Community Site (AWHCS) property for free use by the residents of PCSP. The site is located in the Portugal Cove side of the community.
2. We are in the process of developing a list of residents that would like to use them. Depending on the number of requests, we may be able to add more in the future.
3. Please note: Given the ease of accessibility, we will be prioritizing individuals with mobility challenges.
4. We are working on a water supply to the area but do not expect to have that ready for this season. There is a small stream that runs through the site that may assist with watering needs. Please let us know if the lack of water will be an issue for you and we will work with you to sort it out.
5. These raised beds are located off a paved access road on a concrete slab, so they are very accessible. If height or location needs to be adjusted, please let us know and we will work with you to sort it out.

Please direct questions regarding the raised beds or to get your name on the list for one to
